### THE BIOTA AQUARIUM

**The Biota Aquarium is the first saltwater aquarium to be offered as a total package, with sustainably aquacultured fish and live rock included.**

You simply set up the aquarium and let it run for a couple of days, then activate your coupon code for the live rock, fish and optional corals to be shipped directly to your home, school or office.

You'll receive 2 vibrant orange ocellaris clownfish, 1 unique goby and a beautiful live rock. Cultured soft corals can also be added to enhance the Biota Aquarium ecosystem. We acclimate your fish, corals and live rock at our Biota marine life center in Florida, meaning you receive healthy, disease-free animals with our exclusive guarantee.

#### AQUARIUM FEATURES:

- Aquarium measures 22" L x 11.5" W x 15" H
- Dry goods include a modern 13.5 gallon glass aquarium, LED touch light, light timer, foam pre-filter, carbon, BioMax media, pump, heater, hydrometer, thermometer, glass cleaning magnets, biological additive, sea salt, and starter food

We will donate 1% of our sales revenues to ocean conservation organizations. For every fish you buy another fish will be released from our nursery into the protected waters of Palau, one of the world's largest and most spectacular marine reserves.
